

Edinburgh Cardiac CT Course
Online Training Programme
Live course dates: 22-27 May 2022

About this course:

The on-line Edinburgh Cardiac CT Course is designed to deliver a comprehensive training curriculum including lectures and live hands-on training with full access to practice cases on advanced imaging software (Terarecon).

Course tutors will be available to provide group and when necessary, individual training supervision during the live training sessions.

We aim to review 150 cases of Cardiac CT angiograms and calcium scoring.

Computer and internet requirements:

- Access to Terarecon is made a computer with a standard broadband internet access. The software is accessed via a browser (eg. Goggle Chrome) and therefore works on both Mac and Windows based computers. The interface and functionality of the Terarecon software will be the same as a computer based installation.
- We will ask you to download the software that is used to access the Terarecon software and cases on cloud (instructions and log-in details will be provided).
- You will need to download Zoom application to your PC (free license is sufficient).
- Supervision will be delivered using Zoom. We recommend that you have an extra screen connected to your computer. We recommend that you have an extra device attached to Zoom (eg. a separate computer or an iPad/tablet).

Mandatory online (recorded) lectures and assessment:

- 1. Secrets of a good scan - Heart rate control (Dr Saeed Mirsadraee)*
- 2. Secrets of a good scan - CT Contrast*
- 3. Anomalies of Coronary Arteries (Dr Saeed Mirsadraee)*
- 4. Coronary artery calcium scoring (Dr Saeed Mirsadraee)*
- 5. Assessment of thoracic aorta (Dr Saeed Mirsadraee)*

Edinburgh Cardiac CT Course

Sunday 22 May 2022

Programme

08:00	Welcome
	<i>Morning session 1</i>
8:05-8:45	Cardiac CT: overview of the techniques and findings (Prof Edwin van Beek)
8:45-10:00	Anatomy of the heart on cardiac CT and systematic evaluation of CT coronary angiograms. (Dr Saeed Mirsadraee)
10:00-10:30	<i>Break</i>
10:30-13:00	Morning session 2 Controlling heart rate for CTCA (Dr Ciara Mahon) Practical guide to the use of Terarecon application Hands-on case review (coronary artery calcium scoring: CS)
13:00 -14:00	<i>Lunch</i>
14:00 -16:30	<i>Afternoon session</i> Anomalies of the coronary arteries (Dr Saeed Mirsadraee) Hands-on case review (Coronary artery plaque and stenosis assessment) (anomalies of the coronary arteries)
16:30	<i>Finish</i>

Edinburgh Level 2 Cardiac CT Course

Monday 23 May 2022

Programme

8:00-10:00	<i>Morning session 1</i> Assessment of Coronary Stents (Dr Saeed Mirsadraee) Hands-on case review (coronary stents)
10:00-10:30	<i>Break</i>
10:30-13:00	<i>Morning session 2</i> Hands-on case review (full assessment inc. CS and CTCA)
13:00 -14:00	<i>Lunch</i>
14:00 -16:30	<i>Afternoon session</i> Assessment of bypass grafts (Prof Edwin van Beek) Hands-on case review (Bypass Grafts)
16:30	<i>Finish</i>

Edinburgh Level 2 Cardiac CT Course

Tuesday 24 May 2022

Programme

8:00 -10:00	<i>Morning session 1</i> Hands-on case review Practice series cases (CS and cardiac/coronary assessment)
10:00-10:30	<i>Break</i>
10:30-13:00	<i>Morning session 2</i> Hands-on case review
13:00-14:00	<i>Lunch</i>
14:00 -16:30	<i>Afternoon session</i> CT FFR and perfusion (Dr Michelle Williams) <u><i>Flexible (self-directed practical sessions)</i></u> (CS and cardiac/coronary assessment)
16:30	<i>Finish</i>

Edinburgh Level 2 Cardiac CT Course

Wednesday 25 May 2022

Programme

8:00 -10:00	<i>Morning session 1</i>
	<i>Break</i>
10:00-10:30	<i>Morning session 2</i>
10:30-13:00	Hands-on case review (aortic annulus sizing)
13:00-14:00	<i>Lunch</i>
14:00 -16:30	<i>Afternoon session</i>
	Review of ScotHeart study (Prof David Newby)
	Cardiac Tumours (Prof David Newby)
	Hands-on case review (Cardiac Tumours)
	Hands-on case review
	Hands-on case review (Cardiac Tumours, Mixed CTCA cases with FFR correlation)
16:30	<i>Finish</i>

Edinburgh Level 2 Cardiac CT Course

Thursday 26 May 2022

Programme

Morning session

8:00 -10:00

Hands-on case review

10:15-10:30

Break

10:30-13:00

Use of CTCA in Guiding PCI (Dr Peter Henriksen)

Hands-on case review

13:00 -14:00

Lunch

14:00 -16:30

Afternoon session

Hands-on case review (congenital anomalies, aortic diseases)

16:30

Finish

Edinburgh Level 2 Cardiac CT Course

Friday 27 May 2022

Programme

8:00 -10:15	<i>Morning session 1</i> Hands-on case review (practice series, mixed cases)
10:15-10:30	<i>Break</i>
10:30-13:00	<i>Morning session 2</i> Hands-on case review (practice series, mixed cases)
13:00 -14:00	<i>Lunch</i>
14:00 -16:30	<i>Afternoon session</i> Imaging for TAVI/TAVR planning (Dr Anne Scott) Hands-on case review (practice series, mixed cases) <i>Question and answers, feedback</i>
16:30	<i>Finish (end of the course)</i>
